

## **Chiefofstaff.com SaaS Strategy Execution Software Now Available to Federal and Public Sector Entities on the GSA Schedule 70**

**Hartford, CT and New York, NY August, 2019** - Chiefofstaff.com, LLC., an emerging leader in cloud-based strategy execution software, today announced that its [SaaS platform](#) is now available on the U.S. General Services Administration (GSA) Schedule 70 GS-35F-362DA, held by i-VisioNET, Inc., a certified small, disadvantaged business (SDB). The SaaS software awarded under the highly sought-after Cloud SIN 132-40.

IT Schedule 70 delivers federal, state, and local government customer agencies the tools and expertise needed to shorten procurement cycles, ensure compliance, and obtain the best value for innovative technology products, services and solutions.

Chiefofstaff.com is a unique cloud-based software solution created specifically for senior leaders and stakeholders who are charged with executing strategic and tactical plans and delivering results in complex environments. It is a robust and agile tool providing a clean, intuitive, user-friendly experience, architected from the ground up to support organization leaders, stakeholders, program managers, and project management offices. As a platform designed for complex organizations, it is used to identify, coordinate, and manage the risks, issues, requirements, and solutions involved in initiatives and programs that vary widely in size and scope.

“Chiefofstaff.com provides a real-time, diagnostic view of an organization’s entire strategic plan in one place, putting the status of the most relevant initiatives at the senior leaders’ fingertips and bringing visibility to stakeholders across agencies, geographies, and organizational units” says Bob Epner, CEO of Chiefofstaff.com, LLC.

“We are excited to work with Chiefofstaff.com, LLC. to bring its innovative strategy execution software to the federal government, as well as state and local government agencies,” adds Brian Chaney, CEO of i-VisioNET. “Chiefofstaff.com is a powerful platform and a solid and reliable solution for our government customers.”
